

The American Liver Foundation

Treatment Choices Initiative (TCI)

American Liver Foundation Education Program

Will be facilitating an educational, support & research for the prevention, treatment and cure of liver disease forum at

CCAR's Windham Recovery Community Center

713 (Rear) Main Street

Willimantic

December 3, 2009

4:30 p.m.

It is the American Liver Foundation and CCAR's hope that after participating in TCI, participants will have a greater awareness and understanding of the liver's importance and will take action to improve their liver health and to prevent the spread of liver disease

For further information please call Diane at 860-377-9290

(CCAR has a support group for those going through, or thinking of going through liver treatment on the first Thursday of each month at 12:30 p.m., 713 (Rear) Main Street, Willimantic)
